2 Sound Off The BeoLab 9 gives serious sound performance, packaged in unconventional, cutting edge design. This is the fourth loudspeaker from Bang & Olufsen that applies the Acoustic Lens Technology in the treble area. With its 180° horizontal dispersion, it guarantees uniform sound, even when moving around or sitting in different places. Its unique visual identity and multiple colours give it a distinct appearance, bringing style, as well as top class technology, to your home. 3 Appeeling The Peel magazine rack from Umbra at K2 Gift and Living. Price on request. Phone Warrenpoint 028 4175 2502. **4 Get A Head** There's nothing wrong with having a big head! Stand them, stack them, line them up, flick them down and put your drinks mug on their big heads. The Bighead coasters from j-me are manufactured using heat-resistant rubber moulded in the form of a girl figure with an enlarged head, providing space for your drink. The coasters have feet, so they can be stacked together and stood up to attention when not in use! Available in blues, browns, pinks and soon also in purple versions. £10 / €15 for 4. To order one of your own phone 020 8365 1136 or visit www.j-me.co.uk.
